PAYROLL INTEGRATIONS

Automate the Payroll to 401(k) Connection

Payroll Integrations is an API integration-platform-as-a-service (iPaaS) that connects payroll platforms with a wide range of leading retirement and 401(k) providers.

The Problem:
80% of key payroll and benefits data is still manually transmitted, resulting in data inaccuracies and high administrative costs. Outdated methods like EDI and SFTP for data exchange between payroll and benefits are inefficient and unwieldy, while creating individual API integrations is both expensive and time-intensive.

The Solution:
Payroll Integrations provides payroll systems with streamlined, one-to-many API connectivity to top benefit providers. We automate payroll submissions and deferral changes, significantly reducing data errors and freeing up valuable time for your customers.

Why Partner with Payroll Integrations?

Save Time and Money
Employers save between 50 to 100 hours per year with our automated API solution. Reduce burdensome administrative tasks.

Reduce Errors and Resubmissions
Our solution removes manual data entry risk, reducing the potential for errors and improving contribution accuracy.

Transmit Data Efficiently and On-Time
The transmissions of payroll, census, and deferral change information is fully automated, eliminating the need to manually upload files or enter data.

Increase Data Security
With SOC compliant standards and encryption, sensitive data is transmitted and stored securely, ensuring employee data is safe and protected

Further Considerations:

Clients and Partners: We work with 70% of the payroll provider landscape and we're trusted by over 6,000 companies for their payroll data integration needs.

360 Integration: With 360 degree API integration, data flows two-ways between payroll and benefits, automatically processing contributions and updating payroll for changes.

Onboarding: With API integrations, onboarding is fast, easy, and secure.

Payroll Integrations Fees:

Number of Employees	PI Monthly Fee
0 to 25	$30/month
26 to 50	$45/month
51 to 100	$60/month
101 to 499	$85/month
500 to 999	$125/month
1,000+	$250/month
